SCRATCHED SO SHE COULD NOT SLEEP

"I write to tell you how thankful I am for the wonderful Cuticura Remedies. My little niece had eczema for five years and when her mother died I took care of the child. It was all over her face and body, also on her head. She scratched so that she could not sleep nights. I used Cuticura Soap to wash her with and then applied Cuticura Ointment. I did not use quite half the Cuticura Soap and Ointment, together with Cuticura Resolvent, when you could see a change and they cured her nicely. Now she is eleven years old and has never been bothered with eczema since. My friends think it is just great the way the baby was cured by Cuticura. I send you a picture taken when she was about 18 months old.

"She was taken with the eczema when two years old. She was covered with big sores and her mother had all the best doctors and tried all kinds of salves and medicines without effect until we used Cuticura Remedies. Mrs. H. Kiernan, 663 Quincy St., Brooklyn, N. Y., Sept. 27, 1909."

Nil Desperandum.

Percy Parkington rose and brushed the dust from his knees. Then, drawing himself up to his full height, he gazed resentfully upon the form of Miss Muriel Muggins, who nonchalantly fanned herself with the while.

"Very well, Miss Muggins," came in bitter tones from Percy. "Oh, very well! You have spurned me, it is true! Indeed, you have spurned me twice! But, though despair eats my heart, I shall not die! I mean to go into the busy world. I will fight! I will win! My name shall become known, and my riches shall become envied."

"Pardon me for interrupting you, Mr. Parkington," interjected Miss Muggins, "but when you shall have accomplished all that, you may try me again."—Lippincott's.

Her Idea of Discipline.

One day recently, just after the opening of the Baltimore schools, the teacher of a primary class had occasion right at the start to enforce discipline.

"Here, young man!" she exclaimed, indicating a pupil whose name she did not yet know. "I saw you laughing in this school!"

"I was only thinking about something, ma'am," said the youngster, sheepishly.

"Well, don't let that happen in school again," said the teacher, sternly.—Sunday Magazine of the Cleveland Leader.

HARD TO DROP But Many Drop It.

A young Calif. wife talks about coffee: "It was hard to drop Mocha and Java and give Postum a trial, but my nerves were so shattered that I was a nervous wreck and of course that means all kinds of ails.

"At first I thought bicycle riding caused it and I gave it up, but my condition remained unchanged. I did not want to acknowledge coffee caused the trouble for I was very fond of it. At that time a friend came to live with us, and I noticed that after he had been with us a week he would not drink his coffee any more. I asked him the reason. He replied, 'I have not had a headache since I left off drinking coffee, some months ago, till last week, when I began again, here at your table. I don't see how anyone can like coffee, anyway, after drinking Postum!'

"I said nothing, but at once ordered a package of Postum. That was five months ago, and we have drank no coffee since, except on two occasions when we had company, and the result each time was that my husband could not sleep, but lay awake and tossed and talked half the night. We were convinced that coffee caused his suffering, so he returned to Postum, convinced that coffee was an enemy, instead of a friend, and he is troubled no more with insomnia.

"I, myself, have gained 8 pounds in weight, and my nerves have ceased to quiver. It seems so easy now to quit coffee that caused our aches and ails and take up Postum."

GOMEZ A DIPLOMAT

PRESIDENT OF CUBA CHECKED THREATENED RACE CONFLICT BY PERSONAL EFFORTS.

Trouble Grew Out of Refusal of the Management of Principal Hotels of Havana to Entertain Negro Leaders.

Havana.—Fears of a race conflict, growing out of the recent disorders resulting from the refusal of the management of the principal hotel in Havana to entertain negroes, have, in a great measure, abated, possibilities of further trouble having practically disappeared.

For a few days the situation was threatening, and there was a strong undercurrent of indignation among negroes, which, it was feared, might not be kept in check.

That it not only was restrained, but the difficulty for the present was successfully smoothed over, is mainly due to personal efforts of President Gomez.

The president sent his secretary to confer with the management of the hotel, and summoned to the place General Cebreco and other negro leaders. He pointed out that the intrusion of negroes where their presence was not desired, was undignified and merely served to rouse the animosity of Americans with whom it was highly desirable that all Cubans remain on the most friendly terms. He also reminded the negro leaders how much the prosperity of the city of Havana was dependent upon the number of American tourists, whom any danger of social disorders would deter from coming.

HEARS FROM COOK.

Brother of Explorer Claims to Be in Communication With Him.

New York.—William A. Cook, brother of the discredited north pole explorer, on Saturday declared he had received a letter from Dr. Cook. "It is merely a brotherly missive," he said; "one of three that I have received in as many weeks. Dr. Cook is in Europe, but I do not care to say where. Mrs. Cook it with him, which disproves the assertion of false friends that she had deserted him. Nor have they deserted their children; the two girls are not with them, however, but are being educated at the Hamilton institute at West Eighty-first street, Manhattan.

"Dr. Cook says nothing in his letters about preparing a detailed account of his trip to the north pole for the Copenhagen authorities. I am confident that he will come out all right in the end, however."

New Changes Against Haskell.

Guthrie, Oklahoma.—Charging Governor Charles N. Haskell and state officers with a violation of the law and constitution of the state in the manner in which public moneys have been expended, Representative Lester A. Maris, representing the Republican minority, filed an affidavit in the lower house of the legislature on Saturday. In general, the charges against Governor Haskell are that he "mismanaged the public funds under his control, in whole or in part, and has wilfully and designedly authorized the misappropriation of said funds."

Madman Causes Panic.

Chicago.—Two hundred people, including many women and girls, were thrown into a panic when Carlina Sicoli, a laborer, entered a hall where they were dancing and began firing a revolver. The dancers escaped through windows adjoining roofs and down fire escapes. All the shots went wild and Sicoli, who was angered at having been ejected from the hall, was overpowered and locked up.

Britons Do Not Desire Radical Changes.

London.—With Premier Asquith on the continent and Chancellor Lloyd George closely following him, politicians are resting on their arms, discussing what lines of battle will be taken up in the new parliament. The moral generally drawn from the elections is that the country does not want radical changes in the house of lords or in the government policies. The spirit of conciliation, therefore, is abroad and schemes for a compromise are being debated.

New York.—The American Bankers' association, the most important and financially strongest organization in the world, will spend \$1,000,000 to educate the people away from the postal savings bank idea, according to an announcement published here. According to the statement, the association has decided on concerted action against the postal savings bank law and may not stop at \$1,000,000 in their education of the people. Unlimited supplies of literature will be distributed and speakers sent out.

Rather Tall.

"That," said Senator Tillman of an opponent's argument, "is an amusing exaggeration."

He smiled. "In fact," he continued, "it is as bad an exaggeration as the story about Ben Johnson's height. They said of Ben, you know, the candidate for sheriff, that when he made a stump speech, instead of getting a stump ready for him to mount, they would, because he was so tall, dig a hole for him to stand in."
